- Variety of Uses

### **SPECIAL INSTRUCTIONS:**

- Keep From Freezing
- Store product between 38°F – 145°F.
- Contains live bacteria which may cause allergenic skin or respiratory reaction.

### **DIRECTIONS FOR USE:**

#### **BATHROOM CLEANING AND DEODORIZING USE DIRECTIONS**

**Toilet Bowls and Urinals:** With bowl mop, remove water from bowl by forcing over trap. Remove excess water with mop. Prepare a cleaning solution of 6-8 ounces per gallon of hot water (not to exceed 145°F). Swab entire bowl, particularly under rim and around outlets. Allow surface to remain wet for 10 minutes. Flush toilet or urinals and rinse bowl mop. **Porcelain, Glazed Tile, Floors and Other Non-Porous Surfaces:** A prepared solution of 6-8 ounces per gallon apply with a cloth, sponge, sprayer or mop. Allow surface to remain wet for several minutes.

#### **LAUNDRY USE DIRECTIONS**

**As a prespotter:** Spray or pour **MARK-ZYME** full strength on the stain. Wait 5-10 minutes before washing. **As a presoak:** Prepare a presoak solution of 6-8 ounces **MARK-ZYME** per gallon of hot water (not to exceed 145°F). Soak stain until ready for machine washing. **As an additive:** Add **MARK-ZYME** directly to the wash cycle with your normal detergent. Use 8-12 ounces **MARK-ZYME** per 100 pounds of linen in the first wash cycle.

#### **CARPET USE DIRECTIONS: Ready-To-Use. Do NOT Dilute**

**Fresh Spots:** Remove loose or excess soil. Blot with towel. Apply several drops **MARK-ZYME** to spot. Agitate with dull butter knife or spoon. Sponge. Cover with towel and tamp with brush. Apply a few more drops **MARK-ZYME**. Repeat agitation. Rake nap. Let Dry. **Dried Spots:** Agitate with dull butter knife or spoon. Vacuum area. Apply several drops **MARK-ZYME**. Repeat agitation. Rake nap. Let dry.
