

TRULY

All Purpose Neutralizer and Cleaner *Neutralizador Y Limpiador Para Todo Uso*

Institutional housekeepers have been faced with a challenge for many years. That challenge is to train their custodians in the application of many cleaners used daily and to keep their inventory of products down. Although no one product can do everything, this liquid was developed with these objectives in mind. Contained are mild organic acids, synthetic wetting agents and emulsifiers, and couplers whose special mixture yields the first **TRULY** all purpose cleaner. This one product cleans and delimes shower stalls, toilets, sinks and other rest-room equipment as well as cleaning and neutralizing finished floors.

This remarkable product can also be used to clean walls, woodwork, lighting fixtures, glass and mirrors, stoves, refrigerators, kitchen cabinets and many other surfaces.

RECOMMENDED USES:

- Floor Surface Neutralizing
- Bathroom Fixture Cleaning
- Removes Hard Water Film, Soap Scum
- Damp Floor Cleaning

BENEFITS:

- Versatility of Use
- Economical Dilutions
- Simplifies Choice of Cleaners
- Excellent For Use in Hard Water
- Non-Abrasive
- Safe — Non-Corrosive, No Strong Alkali or Acids

DIRECTIONS FOR USE:

VERSATILE: Can be used effectively in every cleaning job normally encountered.

SIMPLIFIES: Eliminates the need for expensive limited use products, such as bowl cleaners, tile and porcelain cleaners, neutralizer packets, etc.

SAFE TO USE: Contains no harsh alkalis or strong acids which can be corrosive to skin and clothing.

EXCEPTIONAL CLEANING POWER: Will easily cut soap scum, rust stains, grease, tar, and grime without the need for highly abrasive cleaning devices.

ECONOMICAL: Cleans outstandingly at high dilutions.

DIRECTIONS

NORMAL CLEANING: Dilute only 1 oz. per gallon of warm water to clean sinks, urinals, shower stalls, toilets, walls, window, mirrors, vinyl, leather, plastic, desks, cabinets, floors, etc. Spray, wipe, or mop on, and rinse off or wipe dry.

HEAVY DUTY CLEANING: For heavily encrusted soils and grease, dilute 2-3 oz. per gallon of hot water. Apply with a brush or mild scrubbing pad and rinse off.

NEUTRALIZER RINSE: To prepare floors for refinishing after stripping, dilute 1/2 oz. per gallon of cold water. Damp mop on and let dry.
