

HOT SPOT

High Temperature Solid Rinse Additive

Aditivo Solido Enjuagador Para Uso En Alta Temperatura

No nonsense rinsing calls for **HOT SPOT** to bring sheen and shine to all your machine-washed tableware. This premium quality solid, the result of years of research and testing, repels water from surfaces like no other additive you've ever used. That means no spotting, no ugly film to mar the beauty of dishes, glasses and silverware.

HOT SPOT's quick-drying formula translates to no delay in getting utensils back into service quickly.

HOT SPOT's contains no alcohol, so it will not corrode sensitive injector components. Dilute as required for no waste, extra economy.

Say yes...to **HOT SPOT** for all your machine-rinsing needs.
